

Phone calls asking when the petition will be brought to the floor.

Hi, may I speak with (insert Rep/Senator's name here) please?

I would like to know if the petition for redress of grievances that was delivered in person to Senator Mark Baisley on April 9, 2024 by Maureen Steele, Kaysha Richardson and Ann Vandersteel was put to the floor.

(if it has not been put to the floor)

I want to know what is the reason for the delay of a petition that presented compelling evidence of the denial of a republican form of government in the state of Colorado. Article 4 section 4 of the United States constitution guarantees that the state provides a republican form of government. Tina Peters signed that petition and her God given constitutional rights were violated to unjustly put her in prison.

I want to know when the petition for redress of grievances will be put to the floor.
