Hi, may I speak with (insert your MLA's name here) please?

I would like to know if the March 20<sup>th</sup> petition for redress of grievances, by Dale J. Richardson and the inhabitants of Alberta, that was delivered in person to the Sergeant at Arms on April 12, 2024 was put to the floor for investigation and remedy?

(if it **HAS** been brought to the floor)

When will the issues raised in the petition be investigated and remedied?

How will this be done?

(if it has **NOT** been put to the floor)

I would like to know when the petition for redress of grievances will be put to the floor for investigation and remedy?

I want to know what is the reason for the delay in bringing forth the March 20<sup>th</sup> petition that is only within the exclusive powers of the legislative assembly of Alberta to investigate and remedy?
